

LLNA MAY 07, 2009 MINUTES

IN ATTENDANCE: Theresa LeBlanc, Jon and Martha Folsom, Steve Foss, Dan and Linda Lord and Steve Putnum

- April minutes accepted
- Dan suggested another link be added to the website for a page that highlights upcoming events. Steve suggested a first page approach, like we used for the spring clean up.
- There was a vote for the postcard photo. And the group reviewed Dustin's draft for the postcard text. Theresa will do the finishing touches and send a revised draft to Jon for proof reading. We will order 350 postcards with expectation of receiving them around May 18th.
- Jon reports that the CLC has 65 rain barrels and they're all sold. The CLC will be distributing them on Saturday May 16th from 9 to noon.
- The CLC is also on track with herbicide treatment for the lake. Because of the increased weed growth, fanwort and milfoil, the cost of treatment requires an RFQ process. Treatment is intended to be done before the swim season.
- Linda and Steve will contact mass correction for a quote for T-shirts and a banner. The group agreed to ask four T-shirt sizes, six of each.
- While contacting the Lowell Spinners for a raffle donation, Steve will check on the availability of group game tickets for an evening of baseball.
- On Thursday May 21st at 5:30 the docks on the waterfront will be put back in place. Steve will e-mail Nancy Morrison, to recruit students to help out and to earn community service hours.

- The Spring Thing committee meeting is scheduled for next Tuesday May 12th. Contact Theresa for more details.
